LIT

Thank you for visiting the Stevens Point Sculpture Park! We hope you enjoyed a unique experience on a beautiful wooded trail featuring art.

The 100% volunteer committee of the Stevens Point Sculpture Park believes in continuing to grow a space where creativity, nature, and education blend - while being accessible to all. Now, more than ever, the park offers a place of retreat and exploration.

If you enjoyed your time in the park, please considering donating. All donations go directly to support sculpture and educational programming within the park.

It is through generous public and private contributions that the Stevens Point Sculpture Park continues to grow and thrive - adding new works of art, supporting artists, providing educational programs and events, including LIT.
